S. A. D. 44 EDUCATION ASSN. TO SEEK ARBITRATION IN DISPUTE WITH BOARD

The chairman of the S. A. D. 44 board of directors was notified by the M. S. A. D. 44 Education Association at the end of last week that the Association was planning to seek arbitration to resolve differences between the parties with regard to a 1972-73 agreement.

As has been reported previously there presently remain two issues which prevent agreement: a sick leave pool and a salary schedule for the 1972-73 school year. A fact finding panel recommended establishment of a sick leave pool and a salary schedule of 11 steps, starting at \$6,000 for beginning teachers with a bachelor's degree. The board would not agree to the sick leave pool recommendation, feeling that the present individual sick leave policy of 105 days was sufficient. The board also felt that an 11 step scale with a \$6,000 base was not economically feasible for the district.

At a negotiation session on May 16 the board's team offered the Association a 19 step salary scale with a \$6,300 base for a bachelor's degree. Also included was a 5.5% increase over stipends currently paid for extra duties (department heads, coaches, et al). The offer was reportedly rejected by Association members at a meeting later that week.

It might be noted that members of the Association with ten years or less experience, who are currently employed by S. A. D. 44 would receive increases in salary for the 1972-73 school year under the current salary schedule with a \$6,400 bachelor's base. These increases would amount to: non-degree, \$270; bachelor's, \$320; master's, \$345; master's plus 30 credit hours, \$370. Teachers with over ten years experience would receive no increase in salary. An eleventh step on the salary scale would enable all members of the Association to receive equal increase in salary for the upcoming year. Step (yearly) increments are computed at 5% of the base in the appropriate degree category.

The U. S. Dept. of Labor reports that the Consumer Price Index for April was 24.3% above 1967. As the starting salary in S. A. D. 44 for teachers with bachelor's degrees in 1967-68 was \$5,000, it would appear that the current salary base of \$6,400 is 28% more than 1967-68, and the board's offer of \$6,500 base for next year 30% more.

DURELL HOUSE TO BE RESTORED BY BINGHAM TRUSTEES

—Will be Conveyed to Bethel Historical Society

The Moses Mason House on Broad and Mason Streets was purchased in December of last year from the estate of the late Ada Durell by the Trustees of the Trust for Charity created by William Bingham the 2nd.

This historic house, said to be one of the oldest houses on Bethel Hill, will be carefully restored by the Trustees, under the architectural direction of Walker O. Cain Associates of New York City, who in turn will be advised by Dr. Richard Howard of the Smithsonian Institution, Robert Damm, Director of the Maine State Museum, and from time to time by other distinguished consultants in the field of Historic House preservation. Local supervision will be provided by John T. Grover, President of the Bethel Historical Society, assisted by Edward J. Vachon, Treasurer of the Bethel Savings Bank.

Mr. Bingham's Trustees announced at this time through Mr. Grover that the house, when fully restored, will be conveyed to the Bethel Historical Society.

The initial phase of restoration was started last week. The building, when required, will be picked up by a crane and foundation strengthened. Exterior walls will be replaced where appropriate. Roof will be repaired and replaced with proper materials. The barn will be restored to its original design. While the initial construction phase goes on, the architect and his consultants will prepare plans for the interior design for the second and final phase of construction.

The tentative completion date is the spring of 1973.

ACQUIRED BY BANK — The Bethel Savings Bank announced last week that they had purchased the above building on Main Street.

Occupied by the Bethel Laundromat for the past decade, it was the location of the Post Office 30 years ago. Over the years it also has been the site of a hardware store as well other establishments of varying descriptions.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Tuesday evening the office staff attended a session in Rumford to receive instruction on election laws. Emphasis is being placed on permissiveness for voters which has resulted in several changes in the regulations covering elections. One major change allows out-of-state residents to move into the state and vote immediately without having to wait six months. An individual who moves from one municipality to another within the state still has to wait three months prior to voting.

There have been many inquiries made recently of the status of the Heathstone House which burned last winter. The remains are unsightly and to some degree a safety hazard. We have been told there are reasons why it cannot be demolished, but have not been able to find out why. Contact has been made at the State level with promises made that we will be informed. As of this date we have not received a reply. It is our understanding the owner would also like to clean up the debris and grade the area.

celebration of its 100th anniversary. An open house was held on the premises on the bank's 100th birthday earlier this year. As a further observation of this event a brochure of general historical interest has been prepared and copies may be obtained on premises or by request if unable to make a personal call.

Mr. and Mrs. Robert Keniston spent the week end at Sturbridge Village, Mass.

MAINE FOREST SERVICE
PLANTING TREES IN
THIS AREA

Nearly 50,000 white pine trees will
be planted by the Maine Forest Ser-
vice in the Androscoggin Valley Dis-
trict according to Service Forester
Richard E. Morse of Hebron. State-
wide, this spring's planting will to-
tal 2,000,000 trees when the program
ends in mid-June. These three-year-
old trees come from the Maine For-
est Nursery in Greenbush, Maine.

Last week Service Forester Morse
was supervising the planting of 4,000
trees on the former Ernest Luxton
farm in West Bethel, now owned by
P. H. Chadbourne and Co. These
trees are replacing ones destroyed
by ice during spring flooding in 1970.
Larry Smith of Bethel is doing the
work in the district, hauling the
Forestry Department's planter with a
rubber-tired skidder.

Mr. Morse suggests that anyone
interested in having trees planted
this spring should get in touch with
him at once.

PLANTING CREW—Howard Hart, at the scene of last week's planting
skidder driver, Larry Smith, and for P. H. Chadbourne & Co. in West

CHILDREN'S DANCE THEATRE
TO PRESENT "MARY POPPINS"

"Mary Poppins" will be present-
ed by the Children's Dance Theatre
of Bethel on Saturday, June 10,
at 7:30 p. m. at the Telstar Audi-
torium. Two matinee performances
will take place on Thursday and
Friday, June 8 and 9, both starting
at 3:30 p. m.

"Mary Poppins" is the heartwarm-
ing story of two children, Jane
Banks, played by Karen Sauret, and
Michael Banks, played by Andy
Smith, who seek a "Perfect Nanny"
because their own mother is "al-
ways busy."

"Mary Poppins" played by Kathy
Haskell, mysteriously appears to fill
the children's wishes. She takes
them on interesting outings to "Steps
of the Cathedral," "Country Fair,"
and over the "Rooftops of London."

The manner in which the story
unravels and the children's mother,
Mrs. Banks, played by Terry Roy,
realizes her weakness as a parent.

sets the scene for a most entertain-
ing show. A great variety of dance
numbers from children ages 4 to 18,
done in music and pantomime, pro-
vides a delightful evening for peo-
ple of all ages.

Mrs. Anne Olson is at her home
on Main Street after being in the
Hemlock Hospital.

Mr. and Mrs. Ronald Stevens, Mr.
and Mrs. Albert Raymond and Deb-
bie, Leo Hicks, Mr. and Mrs.
Charles D. Merrill, Mr. and Mrs.
Howard Isman and Mr. and Mrs.
Harold Tibbitts spent the week end
at Arden Lake.
